The Upland News is \$2.00 for Fifty-two Weeks. —And is Worth It.

VOLUME TWENTY-FOUR, NO. 39

UPLAND, SAN BERNARDINO COUNTY, CALIFORNIA, THURSDAY, FEBRUARY 6, 1919

\$2.00 PER YEAR

COURSE IN MANAGEMENT OF TRACTORS AT EXPERIMENTAL STATION FEB. 24

ONE DOLLAR IS FEE FOR REGISTRATION. OPEN TO ANY ONE

Given Under Auspices of University of California and Is a Duplicate of Course Given at Davis Farm by School.

A short course in the management of gasoline tractors will be held at the Citrus Experiment Station, Riverside, California, February 24 to March 1, 1919.

War time conditions have placed upon the farmer not only the burden of producing foodstuffs for our own people but a surplus must also be produced to be shipped abroad. To produce more it has been necessary to change the methods of farming and today the tractor is found doing its part in this campaign for increased production.

To train tractor operators the University of California plans to give this course in tractor management, duplicating the course given for several years at the University Farm, Davis, California, and also given at Riverside last year when over 200 students were enrolled. Shop and tractor work will be offered on such fundamental questions as lubrication, care and adjustment of bearings and carburetors, grinding of valves, repairs and replacement.

ROOSEVELT MEMORIAL SERVICE 3. P. M. SUNDAY—ADDRESS BY SUP. C. E. GRIER

In honor of the one man in history who more than any other exemplified in his life and being the word "American," Upland citizens will assemble at Municipal park at 3 p. m. Sunday to honor the memory of Theodore Roosevelt.

Following out the proclamation issued by Mayor Johnson, the committee consisting of A. B. Whitney, M. E. Hill, J. M. Webster, T. R. Woodbridge, E. C. Mehl, F. H. Manker and O. E. Atwood, has completed the plans for the afternoon program and

REV. R. C. STONE TO RETURN MARCH 1ST

COMPLETES ARMY WORK AT MARCH FIELD THIS MONTH

Boy Scout Work Will Be Reorganized and Enlarged Upon Mr. Stone's Return. Army Work Will Be Great Aid.

Rev. R. C. Stone, pastor of the Upland Presbyterian church, who is doing splendid work in the Y. M. C. A. army service at March Field, Riverside, will complete his work at the Aviation Field this month, and will return to his pastorate March first.

In his war work, Mr. Stone went from Upland as the pastor in war service of the Presbyterian and Methodist churches, and the home work of both churches has been cared for by Rev. Chas. A. Kent, the pastor at home.

The work with the Boy Scouts which has been led by Mr. Kent during Mr. Stone's absence will be enlarged and reorganized. Mr. Stone's army experience has peculiarly fitted him to direct Y. M. C. A. work, and the building on Third avenue will take on new value to the community under his inspiration.

The combined congregation and the whole town will unite in welcome. Several of the leading makes of tractors will be available for demonstrations and practice work. A registration fee of \$1 constitutes the only charge for the course. Any one may register. Applications should be sent to the Dean, Citrus Experiment Station, Riverside, California.

ORANGE SHOW TO BE FINER THAN EVER

VIVID DEMONSTRATION AS TO NO FROST DAMAGE TO BE GIVEN

Citrus Institute February 20-21 Will Be Big Feature of Show This Year. Pageant of Peace and Victory.

Vivid demonstration that the frost did not seriously damage California's great citrus fruit crop will be staged when the Ninth National Orange Show opens at San Bernardino on February 14 and continues until February 23.

"Plans for the exposition have even been enlarged on since alarmists began to talk of frost damage," said General Manager F. M. Renfro. "Every district that plans to exhibit has sent word they will increase their efforts to make the Orange Show this year even greater and bigger than ever."

"The Eastern tourists are arriving in greater numbers than in recent years, and the citrus fruit growers plan to demonstrate to them, as well as to the people of California, the wonderful riches of beauty and wealth of the citrus fruit industry."

Under leadership of Dr. H. J. Webber, of the citrus experimental station, a citrus institute will be held at San Bernardino in connection with the Orange Show. It will be a two-day session, February 20 and 21, and there will be both morning and afternoon sessions, which will be held at the Elks' club. The program has not been completed, but Dr. Webber announces that among the topics will be frost and freezes, fertilization, cultivation, irrigation and by-products.

Dean Hunt of the University of California will be invited to be present. Agitation is expected to be renewed for a farm school for Southern California, which would be devoted to a large measure to education on citrus fruit culture.

Plans for the Orange Show this year call for a gorgeous spectacle, filled with an atmosphere of patriotism, with a peace of victory and peace as the setting for the extravaganza features of the entertainment.

Riverside has selected Mrs. J. O. Gossett as the princess of peace and Orange county is to name one of its beautiful daughters as princess of victory. They are to preside at the Orange Show, and a beautiful pageant is being created with these two as the principal figures.

Orange county has appropriated \$1000 to aid its growers in a proper participation at the exposition and Imperial county has appropriated \$400. Growers in Riverside, San Bernardino, San Diego, Los Angeles and Santa Barbara counties are planning on increased expenditures to properly portray their districts.

There is keener competition than ever before for the sweepstakes honors for oranges and lemons, and grapefruit has this year been elevated to the sweepstake class.

There will be continuous entertainment features under way, both in the main exposition and on the midway.

GRAMMAR SCHOOL NOTES

The grammar school opened last Monday with a very good attendance. A number of new pupils entered, coming from South Dakota, Texas, Los Angeles, and Ontario. Some of the patrons of the school have the impression that it is not worth while to send their children to school since we have lost so much time that there is no chance of them making their grade. This is entirely wrong. All pupils who attend school regularly, when in session, and do the work required of them, will be promoted at the end of the school year. If they do not complete the work of the grade in the time that school is in session, the work will continue next year from the place where it ends this year. Parents are urged to encourage the children to do the home work assigned.

The school bus will be ready for use in a short time. This transportation is provided for only those pupils who live beyond walking distance and are compelled to pay car fare. The bus will run on schedule time and over a definite route.

Y. M. C. A. DRIVE FOR \$5,000 STARTS ON FRIDAY AND ENDING SATURDAY NIGHT

PRINCIPAL GIVES PERTINENT REASONS FOR SUPPORT OF CAMPAIGN

Headquarters Will Be at Red Cross Shop and Same Plan of Raising Funds Will Be Followed as in Past.

This week Upland is sharing with every community of California in a campaign for funds for Y. M. C. A. work in California. The allotment for the West End of San Bernardino county is \$5000, \$500 is for the state-wide work, industrial and educational, especially for work for returning soldiers and sailors.

Four thousand five hundred dollars is to be spent right in our own communities in work for our boys.

Merton E. Hill is campaign manager, with Edward C. Harwood, John D. Howe, Thos. W. Nisbet and Owen E. Atwood as district captains. Headquarters will be established

A PERSONAL WORD FROM THE Y. M. C. A. CAMPAIGN DIRECTOR

I feel that a great opportunity has come to do a fine piece of work for boys and young men through the Y. M. C. A. campaign that starts in Upland Friday Morning. I know of no organizations that help the schools more than do the Boy Scouts and the Y. M. C. A.

I was greatly impressed with the Boy Scout program that was carried out in Upland under the direction of Mr. Stone. The Scouts of Upland have attracted considerable attention because of their work. The Scout band, started last year under the direction of Mr. Wilding, was a great institution; the work of the boys in the Liberty Bond drives was recognized by the government; the influence of being a Scout has shown itself in the conduct of practically all the Scouts of Upland. I am glad that the Scout patrols will soon be reorganized under the direction of Mr. Stone.

The County Y. M. C. A. work has really dealt with the western part of the county. Fine work was done for several years by Mr. Maxwell. Since he left very little has been accomplished. It looks to me like a fine opportunity now for rehabilitation of the county work.

Service to the boys and young men will be the watchword. The great thing is the correlation of the Scout work with the Y. M. C. A. under Mr. Stone's leadership. If the citizens of Upland will support this work I am sure they will be able to see results, right in our own town.

(Signed) MERTON E. HILL.

Friday and Saturday of this week at the Red Cross Shop on Ninth street. E. W. Fischer is cashier for the drive.

The Program

The work with the Boy Scouts which has been carried on by Rev. Stone and others is to be reorganized and enlarged, and combined with the work of the Y. M. C. A. of which A. H. Maxwell was the secretary.

Rev. Stone returns to his pastorate on March first, and has agreed to accept the supervision of this work, in which he has been so successful. His experience in the great aviation camp at Riverside will prove invaluable to him in his work here.

The budget provides for adequate assistance so that Mr. Stone may be relieved of routine duties in connection with the work, and may devote his energies to planning and inspiring work for the boys.

Each community is to share in the services of the secretaries in

(Continued on Page 3)

LIEUT. R. G. MANLEY NOW AT STANFORD

IS TAKING CIVIL ENGINEERING COURSE AFTER DOING BIT FOR UNCLE

Wishes Germany Might Have Seen Big Preparations Under Way By United States. Describes Stanford War Plans.

Among the Upland men who have again put on "civilians" is Lieut. R. G. Manley. After his return from Fort Monroe, Va., he entered Stanford university and is studying civil engineering. He writes:

Life at college is a great deal different than in the army. It is a pleasure not to hear the much-hated bugle and the well-known call of "Fall In" every time a fellow thinks he is to have a few minutes' rest. Notwithstanding that fact that I hated to get up in the morning and that a shift of guard duty was tiresome and monotonous, especially in the rain, I wouldn't have missed the experience for anything. Life seems a lot easier now and if I feel a little dependent sometimes all I have to do is to think of the time I was in the army and I feel a hundred percent better. I can't imagine what a relief it will be to the fellows who went across to get back into civil life again, for I didn't have the good fortune to get that far, but I feel sure that they will undergo even a greater sense of satisfaction when they don their civies and take up their various occupations once more.

If Germany could have seen some of the things going on over here in this country in the way of preparation, I believe she would have given up long ago. Nearly every college in the United States had started a S. A. T. C. and although these units had not as yet attained a very great degree of efficiency due to the lack of competent officers and to the conflicts with academic work, it would not have been long before a system would have been worked out whereby a man coming from one of these schools would have received a greater amount of training in a shorter time than his fellow brother in the regular army camp, because he would not only have had the actual work, but he would have had the theory as well.

At the time of the signing of the armistice the government had erected one of the finest mess halls here at Stanford that I have ever seen. A regular army cook or K. P. would have been green with envy to have seen this kitchen with its steam jacketed kettles and its steam dish washing machines. The dining room can seat over a thousand at a time and everything is modern and up-to-date to the last detail.

The S. A. T. C. is a thing of the past now and the boys have all gone back to their more peaceful pursuits but to look back a few months to the time when they were in full swing makes me often wonder what a great and efficient army we would have had, had the war lasted a few years longer. R. G. MANLEY.

Presbyterian-Methodist

All the services of the churches begin anew. The Sunday schools open Sunday morning, the Presbyterian at 9:30 and the Methodist at 9:45 a. m.

Preaching at 11 a. m. in the Presbyterian church; subject, "A World Crisis—Is Christ to Reign?" Dr. James H. Speer, director of the New Era Movement of the Presbyterian church, will speak in the Methodist church Sunday evening at 7:30.

The missionary meeting of the Presbyterian church will be postponed, from this week to next week, and will be held Friday, Feb. 14 at 2:30 p. m., in the church.

The Epworth League and the Christian Endeavor meet at 6:30. The Young People's Missionary society of the Methodist church will hold a rally this Monday evening at 7:30. A part of the time will be spent in a social good time.

The Ladies' Aid of the Methodist church will meet Thursday, Feb. 12. This will be the first meeting of the conference year and it is hoped all the women will be present.

Dr. W. L. Y. Davis, district superintendent of Pasadena district, will be here Friday evening at 7:30, Feb. 14, to hold the first quarterly conference.

JESSE M. BUSBY IS CALLED BY DEATH

PASSES AWAY EARLY SUNDAY MORNING PNEUMONIA VICTIM

Leaves Wife and Two Sons as Immediate Family. Had Worked for W. E. Allen for Twelve Years and Was Well Known.

Death once again entered an Upland home and early Sunday morning took from the midst of a host of friends, as well as the immediate relatives, Jesse Busby, son of Mr. and Mrs. J. M. Busby.

Mr. Busby was taken with influenza but rapidly recovered and his illness was followed by that of his two boys aged 8 and 5. While the boys were ill Mr. Busby was again taken down and within a few days developed pneumonia from which he died.

Jesse Busby was born in Kansas in 1884 and soon after came to Upland with his parents, Mr. and Mrs. Busby. His schooling he received here and in 1909 was united in marriage to Miss Edna Creighton. To them were born two boys.

For twelve years Jesse Busby had been the faithful employee of W. E. Allen, first driving horse drawn transfer wagons and with the coming of the motor trucks was in charge of one of Mr. Allen's trucks.

Orange growers throughout the colony will remember Jesse Busby as one of their most faithful assistants during the freeze of 1913, for during that critical period Mr. Busby stayed faithfully by his truck night and day, delivering fuel oil that as much fruit as possible might be saved from the cold. Thus not only to the immediate family and loved ones is Mr. Busby's passing a great loss, but to a host of men and women who knew him for his many sterling qualities.

The funeral services were held Tuesday at 10 a. m. from the Draper chapel with interment in the Rialto cemetery. Mr. and Mrs. Ed Creighton of Sanger, Cal., and J. H. Gard of Monrovia, Glen Busby of Los Angeles were here from out of town to attend the funeral.

LIBRARY NEWS

A record breaking day was the opening day of the library, 106 books being the circulation record for the day, and 18 magazines; 138 books were on the tables in the reference room, gotten ready for the public during the enforced vacation. Many were purchased and some were gifts. The proposed senate bills from 1 to 300, and assembly bills from 1 to 299, are at the library, through the courtesy of Assemblyman Crombie Allen. These bills are in faced covers and are readily accessible.

MANY ACRES CITRUS LAND SOLD DURING THE WEEK--UPLAND GROVES RANK FIRST

GROVES IN UPLAND DISTRICT MOST VALUABLE IN SO. CALIFORNIA

Territory Comprising Upland to East and Glendora to West Is District New Buyers Are Seeking to Purchase In.

Sales and purchase of citrus groves during the past week are almost unprecedented in the history of the Upland district and indications are that conditions are a good deal as a prominent citrus grower stated the other day, "I find in going over Southern California that the cream of the citrus belt lies along the foothills between Upland on the east and Glendora on the west and I prefer to invest my money in citrus groves here, for if groves outside of this district are worth from \$1500 to \$2000 per acre, the groves here are worth twice that much."

That is evidently the belief of a good many men for growers of many years' experience have this week purchased additional acreage. Some of the purchases are as follows:

E. L. Matthews has just purchased the five-acre lemon grove on Mountain avenue known as the Falls Bros. grove.

T. E. Ketcheson has purchased of Rudolph Baer the ten acre lemon grove at Seventeenth and Mountain avenue.

A. H. Schwan has sold his ten acre grove at Seventeenth and San Antonio avenue to J. G. Anderson and Gus Anderson and his grove on West Seventeenth to a Mr. Westerfelt of Los Angeles.

J. D. Masten has purchased of R. T. Nelson five acres of oranges on Euclid avenue between Twentieth and Twenty-first streets.

Mrs. Louis Myers has purchased a house and lot on Twenty-fourth street, where she will reside.

It is rumored that S. A. King, recently from Canada and owner of the former Mark Shaw place, has sold to Morris H. Wilson of Pomona.

W. H. Tuttle has purchased ten acres of lemons in the College Heights tract, Claremont.

Mrs. May Derwin has purchased five acres of lemons in the College Heights tract, Claremont.

Royal Miller has just closed a deal by which he purchases twenty acres of citrus grove, 11 Valencia and 9 navel, on Archibald avenue just below the Santa Fe. Mr. Miller owns forty acres of lemons and oranges in Upland.

DR. WM. H. CRAIG SERIOUSLY ILL AT SAN ANTONIO HOSPITAL WITH HICCOUGHS

Dr. Wm. H. Craig, recognized as one of Southern California's foremost physicians and surgeons, is at San Antonio hospital suffering from

Dr. Craig relief, with little if any progress being made.

Word from San Antonio hospital this morning is to the effect that there is perhaps slight improvement in Dr. Craig's condition, but the hundreds of friends of Dr. Craig are greatly concerned and are hoping for a decided change for the better today.

The cause of attack of hiccoughing is probably from overwork, as through Dr. Craig's efforts during the influenza epidemic Upland depended on him to direct the care of the sick. The Red Cross Emergency Hospital, established here when the epidemic was rampant among the Mexicans, was under his direction and to him is due the excellent results attained here.

Although Dr. Craig practices in a country town, he had the regard and esteem of the physicians and surgeons of Southern California. At a consultation of the best surgeons in Los Angeles regarding an operation which was to be performed the surgeons stated, "We know of no surgeon in Southern California more capable than Dr. Craig."

an attack of hiccoughs, and throughout the week physicians and specialists have been endeavoring to give

THURSDAY, FEBRUARY 6, 1919

Salute to the Flag

"I pledge allegiance to the American Flag;
And the Republic for which it stands;
One Nation, indivisible,
With Liberty and Justice for all."

J STITT WILSON, one of the greatest orators and advanced thinkers in the state of California, has renewed his membership with the Methodist Episcopal church and will soon be numbered among the prominent preachers of the state. The News offers this as a suggestion, which with a lot of people will be decidedly unpopular, while with many others it will appeal to them as along the right line. J. Stitt Wilson gave a series of lectures at Chaffey Union High School not many months ago and all of the churches of Upland and Ontario united in making them a success, and they were a great success from every point of view. Ontario and Upland today have many churches, all of them doing good work and in charge of excellent pastors. Upland's Presbyterian and Methodist churches united recently and excellent results have been obtained. The News suggestion is this: Why not the churches of Ontario and Upland united with Chaffey Union auditorium as the church center and J. Stitt Wilson as the preacher?

IN spite of the fact that newspapers by the score have ceased publication during the past few months and that consolidations have occurred in nearly every city and town where two newspapers or more were being published, the San Bernardino Sun announced in its issue of Sunday morning that, commencing with Monday the Sun would be published every day in the year. For many years the Sun has been published every day except Monday, but with the new order of things great improvements are to be made not only in the mechanical department but in the Sun news service as well. The News offers congratulations to the Sun which stands out as the foremost newspaper in the county, and may Editor R. C. Harbison and his associates receive the hearty support of the people of the county.

February first marked another notable change in newspaperdom in Southern California, the latest being another change that follows in war's wake. Announcement was made on that date of the consolidation of the Redlands Daily Facts, The Review, a morning paper, disappearing, leaving the Facts the only newspaper in Redlands.

Several causes contributed to this result. The tremendous increase in the cost of newspaper production that has caused the suspension of so many papers was the main factor, but the business men of Redlands also wished to be relieved of duplicate advertising. The trend toward one good newspaper instead of several indifferent ones has become marked throughout the country. Newspapers have come to be regarded as community affairs, not private properties, hence no need of duplication.

Within a very recent time Pasadena, a city of 50,000, and Santa Ana, a city of 20,000, have become one newspaper cities.

In San Bernardino county the San Bernardino Daily News suspended but a few weeks ago. The Colton Courier dropped from a daily to a weekly. Now comes Redlands, a city of over 10,000, which will now have only one newspaper. Under the new arrangement, Redlands will enjoy in the Facts a bigger and better paper than it was possible for the city to have before.

State Senator Lyman M. King will continue as editor, with Paul W. Moore as business manager. F. K. Arthur, formerly of the Review, becomes city editor of the Facts. H. A. Hargraves, a Facts veteran, continues with the organization as superintendent.

PASSAGE by the United States senate of Senator Phelan's bill to enlarge the Sequoia National Park by the addition of many acres containing groves of giant trees and to name this national park, thus created, "Roosevelt Park," in honor of the late ex-president, has aroused intense interest not only in California but throughout the West.

In advocating the bill when it came up for discussion, Senator Phelan said:

"This measure provides for the creation of a national park in California to embrace the famous Kings river canyon and groves of giant trees, admittedly the most surprising and wonderful stretches of the national domain, open to all the people at all seasons of the year for health, recreation, and esthetic gratification. The amendment I now move provides that this area shall be, when created into a park, designated in honor of our late and beloved president, the Roosevelt National Park. I have consulted the Secretary of the Interior, Hon. Franklin K. Lane; Stephen Mather, Superintendent of National Parks, and Representative Elston, of California, who

are all of one mind on this subject—that no more fit designation could be made.

Theodore Roosevelt was early identified with the West, and the west of the West. He sought among the great mountain ranges and the vast expanse of the prairie a field for his abounding energy. From his narrow environment of city streets and congested population he naturally sought expansion. The liberalizing influences of the western life nationalized him, prepared him, as it were, for the larger tasks which he was destined to pursue. I cannot imagine a more fitting memorial for a man of his tastes, courage, generous nature, and love of the beautiful than the wild, rugged, and sublime scenery embraced in Central California. Here is the Kings River canyon, than which no equal area on earth is its superior in natural wonders. The story of William Tell might apply with equal pertinency to Theodore Roosevelt, who learned his love of liberty from his love of nature, and, like the mountain streams, plowed the valleys without asking leave, or like the mountain peaks, wore their caps of snow in the very presence of the regal sun. This park is bounded by the crests of the high Sierra, and cataraacts leap in glory from altitudinal clefts. The giant trees lift their heads far above the inclosing fog, erect against tempests, resplendent in the light of day. California—a state richly endowed by nature—can dedicate no finer monument to the memory of Roosevelt than this, the choicest of her natural gifts."

MRS. J. O. GOSSETT, OF RIVERSIDE, PRINCESS OF PEACE AT THE NINTH NATIONAL ORANGE SHOW, SAN BERNARDINO, FEBRUARY 14 TO 23, 1919.

FLU MASK AS SMUGGING APPLIANCE IN UPLAND

California Citrograph: Here's a new use for the flu mask! T. R. Woodbridge, president of the new Liberty Groves Operating Corporation, writes that he and his crew of men who have been smudging their orchards to save the fruit, found the flu mask most useful in their work. Here is what he says:

"It may interest your readers to know that I have had great success with the use of the flu mask during smudging. For myself, and for my night men, I have found that wearing it has prevented all irritation from the soot, that none of the users have coughed or spit up soot, and that none have that oppressed and prosaical feeling in the chest usually

felt after a night or two in the smoke. I have used it also for the few hours I was permitted to sleep in the smoke zone, and found it a use invaluable. No patent applied for. Two masks have been sufficient for 12 hours of smudging. Some men cut a slit in the mask and smoked as usual. I would not advise this variation for cigarettes, but it is all right for a pipe or a long cigar. I really consider it a most valuable appliance."

FOOD CROPS GROW 43 PER CENT

As a result of the food-production campaign carried on by the experiment station and cooperating agencies in Porto Rico, it is reported that the area devoted to food crops was increased 43 per cent during the fiscal year 1918. Large areas usually

devoted to a second tobacco crop were planted to corn and beans. During the year Porto Rico became an exporter of beans instead of a heavy importer. It is estimated that more than 25,000 domestic gardens were planted during the year. Cooperative work in rice growing was begun in different parts of the island to determine the possibility of developing this industry. Porto Rico imports about \$5,000,000 worth of Rice annually, and it is believed that at least half of this amount could be produced at home.

SPECIAL MEETING

Pursuant to request, a meeting will be held at corner of Twelfth street and Mountain avenue on Saturday morning, February 8th, at 10 o'clock, to discuss and determine ways and means for planting the ornamental trees along Mountain avenue, and to consider the subject of making street crossings more safe for travel.

M. E. TITUS,
Secretary of Committee.

NOTICE

The Annual Meeting of the Stockholders of the Co-Operative Fumigation & Supply Company, Upland, California, will be held at the office of the Company, A street and Campus avenue, Upland, Tuesday, February 11, 1919, at 9 o'clock a. m., for the Annual Election of Directors, and any other business that may come before them.

F. M. SCOTT, Secretary.

STRENGTH

THE AIM of this bank, present and ultimate, is to inspire greater co-operation between the depositors and the men who direct its affairs.

In doing this it serves business men in every line and equally the public through the wider distribution of its financial assistance.

As the bank fosters that co-operation, so the desired end will be reached, namely, doing the greatest good for the greatest number.

As we see it, this is true Financial Strength.

LET US GET TOGETHER

THE war-proven idea in modern business is co-operation. The merchant, the rancher, the stockman, the grower, the wholesaler, the manufacturer, and the bank can all co-operate with the result that this community will be more prosperous and its finances more stable.

With the scope and activity of each department of this bank broadened through its membership in the Federal Reserve System, it is ready to co-operate in every possible way to make local business safer, better and bigger—and we are prepared to render you exactly the service your interests demand.

Take us at our word—call and see us and let us talk over your business problems together.

Are you receiving our Monthly Bulletin letter? It is valuable service you should have—free for the asking.

* Etiwanda *

Happenings Here and There Gathered by a News Special Representative in and About the Famous Etiwanda Colony

Answering a summons from the president, Mrs. C. W. Greenlee, the Parent Teacher Association met on Wednesday afternoon in the geography room of the school building to tie a comfort for the sale, to be given Saturday by the children of the school, to benefit the Junior Red Cross. A considerable number came and as a result the comfort was soon tied and the edges finished. Mrs. Greenlee then called to order for a short business session. After the secretary's report the treasurer, Mrs. O. H. Price, reported a

fair-sized sum left in the treasury from last year's accounts. Such money has always been turned over to the teachers for use in buying playground equipment. When doing this was suggested, Miss Wilson, the principal, spoke in favor of adding more to the amount on hand and getting a Victrola for the use of the school. She explained the various uses to which the machines designed for school use may be put, and left her hearers enthusiastic for a phonograph for the school. A motion passed to keep the funds on hand for the present in the hope of being able to get a phonograph later. Under discussion of the school bazaar the following committees were chosen: Mrs. Jack Scott, salads; Mrs. J. D. Orendorff, pies; Mrs. Wm. Troyer, dishes and utensils; Mrs. A. C. Smith, coffee; Mrs. Clara Tilden, cream and sugar. Misses Wilson, Trocksell and Way are to purchase those things which are to

be ordered for the cafeteria supper. The meal will consist of buns, weiners, victory steaks, pickles, salads, pie and coffee. It will be served in the long hall and may be eaten in the geography room on the tables there or carried into the rooms having stationary seats. A candy booth and several tables of fancy and useful articles will be in evidence. The children are working hard this week and need the loyal patronage of the community, be the weather rainy or fair.

An inch of rain fell in Etiwanda on Friday and Saturday, every drop soaking in nicely. A great deal of snow fell in the canyons above, which will be a great help to the water supply later. Even the tourists could not object to such pleasant, refreshing weather.

Mrs. G. E. Frost suffered Saturday from a slight but extremely painful accident. In turning her head quickly she dislocated the

joint of her neck. Mrs. J. D. Orendorff took her automobile and made a hurry-up trip to Upland with Mrs. Frost where Dr. Harvey soon righted the trouble.

On Monday evening the Christian Endeavorers held their regular monthly business meeting at the home of Mrs. C. W. Greenlee. Mrs. Greenlee read a long letter received from France that day from Rev. Greenlee in which he graphically described the devastation of the region where he is located. The young people present each wrote a message to Rev. Greenlee which will make him a very interesting letter whenever it reaches him. A new members was voted into the organization and considerable routine business attended to. Rev. and Mrs. W. L. Troyer invited the Endeavorers to their home for the monthly birthday party. The February party will be given the evening of February 13. Those having birthdays coming in February will act as entertainment committee for the evening. They are: Rev. Wm. Troyer, Katherine McClean and Curtis Smith.

Despite the rainy outlook for Saturday afternoon all the members of Mrs. Ernest Mueller's Sunday school class with the exception of Margaret Burbank gathered at the Mueller home on East avenue for the class party. The "Willing Workers" proved to be also willing players and much fun was had in various games during the short afternoon. The boys of the class, because of their having lost in a recent class contest, furnished a part of the refreshments, the hostess supplying the rest. Assorted sandwiches, cake, cookies and punch made a very nice supper for the youngsters. Marjorie Tilden and Marjorie Frost, Joy Fisher, Mercedes Frost and Dorothy Smith were the girls present, while the boys were Erwin Koch, Chester Frost, Clyde Greenlee, Arthur Dugdale, James and Joshua Stray.

Miss Irene Scott was an overnight guest Sunday at the home of Mrs. Eva Fisher.

Mr. John Thalman has been in a hospital in Los Angeles for four weeks with influenza. Mrs. Thalman and the little girls have also been sick. The Thalman family recently moved to the city where Mr. Thalman is a street car conductor.

A long letter came last week from Harry Burbank from France. He was as yet unable to tell when he would start for California, but thought it would be very soon. He has been abroad just a year.

Roland S. Jones, who has been in the service for some time, never, however, getting outside the United States, arrived home Friday evening. He received his honorable discharge at Camp Kearny, having arrived there only a few days before from Camp Jackson, South Carolina. While a young man's friends are always sorry for him because he didn't get across, his family is always able to conceal any real sorrow they may feel. Surely all the boys are equally welcome home, each having been willing to have made the sacrifice, and all offering like service whether or not it was required.

Miss Sarah B. Baltic, of Dayton, Ohio, a girlhood friend of Mrs. M. R. Kemp, motored out from Los Angeles with Mr. and Mrs. Dorte, of St. Paul, Minn., and spent the day at the M. R. Kemp home.

Mrs. M. R. Kemp has arranged to sell tickets for the Orange Show in San Bernardino again this year and has received them, so that any who wish them may get them at any time.

Messrs. W. E. E. Layton, Thomas Donnelly, Henry Allen and Spencer Johnston spent the last of the week at Little Bear lake for the close of the duck season. They came home with eighteen ducks and admitted that they left three ducks up there.

Mrs. J. K. Spray has been anxious for letters recently from her son, Geron, being quite ill in a private hospital at that place, and her daughter, Mrs. Lyman Spafford, sick at her home with the same malady. Mr. Spafford had influenza at which time his wife cared for him through a long siege without contracting the disease, but the last outbreak she was unable to withstand. From last reports both patients were doing nicely and were thought to be recovering.

Mrs. C. C. Brownless has been shut in the past several days by neuralgia of the face.

Mr. James Spence is running a new Ford after the mail these days. He had the last one but a few months, selling it the past week to Mr. M. R. Kemp. Mr. Spence is a great believer in Fords, having owned three of them after having used and disposed of several other makes. His work does not require a large car but he needs one that is always on the job.

Several members of the McBean family motored out to spend Sunday at the ranch here to investigate the condition of the orange crop. They returned to Los Angeles Sunday evening.

Miss Catherine Johnston, accompa-

nied by her niece, Ruth Brownless, spent Saturday in the shopping district of Los Angeles.

Mr. and Mrs. John Humberstone were delighted to have with them for the week-end Mr. and Mrs. W. F. Cheshire and son and daughter of Los Angeles. They came out Thursday evening, returning home Monday morning. Mrs. Cheshire lived for a number of years in the family of Mr. Humberstone's sister, in England.

Miss Katherine McClean was a dinner guest Sunday at the home of Mr. and Mrs. A. C. Smith.

Miss Isabel Smith was an overnight visitor in Upland Friday night at the home of her class mate, Miss Vera MacLaren.

The T. H. C. club boys postponed their meeting Friday night because of the weather. They were to have met at the home of Mrs. C. W. Greenlee.

Mr. C. C. Brownless, Misses Ethel Bilyeu, Marjorie Wood and Catherine and Florence Brownless motored to San Bernardino Sunday afternoon to see Dustin Farnum in "The Light of the Western Stars."

Mr. and Mrs. Herman Henderson and Miss Matilda Henderson motored up Cajon Pass Sunday but did not get far enough up to get into the snow.

Mrs. J. K. Spray and Mrs. J. D. Orendorff spent Wednesday at the home of Mrs. J. B. McNurlin at Cucamonga, celebrating the birthdays of Mrs. Spray and Mrs. McNurlin.

Mrs. J. B. McNurlin spent Tuesday afternoon in Etiwanda arranging for the shipment of several boxes of oranges to relatives in various parts of the United States.

Miss Mae Orendorff, who recently underwent an operation at San Antonio hospital, came home Thursday to remain until she is able to go back to duty.

In answer to the call of the wild, Cyrus McClean, Billy Hippard, Howard Frost and Perry Orendorff, Jr., motored up Cajon Pass Sunday for a chance to get into the snow. They had a splendid outing in the open.

Howard Frost came out from San Bernardino to spend the week-end with his relatives in Etiwanda and make the trip up Cajon.

The Same Kick Under A Different Name

I REGRET TO ANNOUNCE that the Ventura Company found it necessary to discontinue service in this locality, and therefore it became necessary for me to change gasolines.

After conducting numerous tests I found that

RICHFIELD GASOLINE

gives an excellent test, equaling that of Ventura, and from now on, RICHFIELD will be the gasoline supplied to patrons.

Creighton's Re-Treads

We are having considerable difficulty thru patrons confusing our re-treads with new tires, and those who are using Creighton's Re-Treads are greatly surprised at the service they get from them. We invite inspection of our work.

ROY CREIGHTON

GOODYEAR TIRES

Conservation Message No. 9

Our Service

Is anything we may do for you which will enable you to secure from your tires all the worth and value that is built into them.

We are glad to inspect your tires at regular intervals and make recommendations as to anything that is needed.

Did you ever have your tires inspected for inside carcass or fabric breaks?

When a tire strikes a stone in the road, the edge of a hole in the pavement, a sharp rut or a railroad track, especially if the speed is above moderate, the blow delivered to the tire is equal to a force of nine to ten tons. It is terrific. This sometimes ruptures the inside layers of fabric even though the tread of the tire does not show a mark.

Only an inspection will disclose the condition of the inside of your tires. These fabric breaks if neglected with ultimately blow out.

Here is where WE come in—arrange for an inspection at regular intervals.

Society

Guin-Ingram—

The home of Mrs. J. N. Ingram, Euclid avenue and Twenty-fourth street, was the scene Sunday morning at 9:30 o'clock, of a quiet but pretty wedding, when the daughter, Miss Helen Katherine Ingram, was given in marriage to Mr. Walter Joseph Guin, of Odem, Texas. Rev. G. W. Conley of the Ontario Christian church performed the beautiful ring ceremony. The bride was dressed in a charming costume of white. The groom was attired in the conventional black. Little Miss Helen Bolin was flower girl, carrying a beautiful bouquet of almond blossoms. The bride is the youngest daughter of Mrs. J. N. Ingram and niece of Mr. E. W. Reynolds, publisher of Harold Bell Wright's books. The groom is superintendent of a large cotton gin of Odem, Texas. Mr. and Mrs. Guin and the bride's mother will spend the summer at Odem, returning next fall to spend the winter in California. Before arriving at their home the parties will visit the sisters of the bride, Mrs. J. W. Neighbor of Dayton, Texas, and Mrs. C. N. Estes of Booth, Texas.

Light refreshments were served to the guests, who were: Mr. and Mrs. E. W. Reynolds and daughter, Mrs. Frank Belcher of Relay Heights, Pomona; Mr. and Mrs. J. L. Minor; Mrs. G. R. Gansby, Mrs. S. E. Kirk, Mrs. Joseph Bolin, Helen and Billy Bolin, Mr. and Mrs. L. N. Kirk and Edward Kirk.

After a bounteous wedding dinner at the home of Mr. and Mrs. L. N. Kirk, an auto trip was enjoyed. The friends of the bridal couple wish them much happiness and success.

Surprise Dinner Party—

Last Friday evening a jolly surprise dinner party was given Miss Denzil Springer at her home on East Twelfth street, by her mother, Mrs. John Springer, the occasion being the fifteenth anniversary of Miss Denzil's birth. Violets were the chosen decorative flowers, a bouquet gracing the birthday cake, and painted violets on the place cards for the following guests: Miss Elizabeth Harris, Miss Geraldine Norton, Miss "Cleo" Sealey of Ontario, and Wesley McKinley. At the conclusion of the four-course dinner, merry games were played, and a jolly evening was spent, ending with many good wishes to the honoree.

Woman's Club—

Everything now points to a meeting of the Woman's club at the club center for Tuesday night, the 11th, if the flu still continues good.

The program will open with the singing of the "Star Spangled Banner," and the "Marseillaise" hymn. At roll call each member will respond with a short talk on the subject assigned to each member at the beginning of the club year.

Mrs. Vedder will speak briefly of the Versailles Palace and especially of the "Mirror Room" which she visited when abroad and where the Peace Conference is being held. Mrs. Titus will speak of the life and poems of Joyce Kilmer, one of our soldier poets. "Spiritual Values Gained by the War" is the subject Mrs. Hawkinson will speak upon. A brief sketch of "Our Delegates to the Peace Conference" will be given by Mrs. Manker. A social hour will follow. The results of a membership contest, of which Mrs. Tuttle and Mrs. Vedder are the captains, will be announced, the winning team to decide the form of entertainment the losing team shall furnish. The new members will be greeted at this meeting also.

ADDITIONAL LOCAL

Among those soldiers who happened to be in Paris when President Wilson arrived was Lieut. B. A. Ruth, formerly of this community, and a member of the 116 Engineers. That reception is a never-to-be-forgotten day. Sergt. O. H. Ruth, a member of the 26 Engineers stationed at Langres, France, was present when part of his division was received by the president and General Pershing on Christmas morning. Mrs. Wilson and Miss Margaret Wilson were also in the party. Sergt. Ruth is now in the "Grave Registration Service." A collection of souvenirs, sent to the Daniel Ruth family, will be on display in the J. J. Atwood Co. window.

Private H. Schnitker, a nephew of Dr. C. H. Wimpess, visited a few days this week with his uncle and sister, Miss Jean Schnitker, of this city. He was a member of the famous "California Grizzlies," having left New York for overseas August 16. He is glad to say the Red Cross is the best organization helping the boys here and also over there. The French people always do what they can for the soldiers and seem to think highly of our boys. Private Schnitker's home is in Long Beach, and although he is glad to be at home again, he would also be glad,

no doubt, for another chance to do his "bit" if necessary. He left France Dec. 22 arriving in New York January 3, 1919.

Glen Kelley of Uncle Sam's Navy is here on a short furlough at the home of his mother, Mrs. H. W. Flowers. His boat sails for Alaska soon after he joins the crew.

Mrs. Howard Graves has just received word of the death of Mrs. W. D. Simpson at Long Beach. W. D. Simpson, who died several months ago, will be remembered as one of the assistants in the First National Bank.

First Church of Christ, Scientist

Sunday services in the chapel on West B street, Ontario, at 11 a. m. Sunday school at 10 a. m.

Subject for Sunday, February 9th: "Spirit."

Wednesday evening testimonial meeting at 7:45.

A FEW MORE SUBS

The Pacific Division of the American Red Cross announces that a few subscriptions to the Red Cross Magazine will be supplied. To members the magazine will be \$1.00 and to non-members \$2.00. At the time of the drive here very few members subscribed to the magazine as Red Cross officials announced very few more could be supplied.

YALE PROFESSOR TO LECTURE IN LOS ANGELES THIS SUMMER

Walter Lyons Phelps, professor of English in Yale university, will be one of a number of distinguished scholars who will lecture at the University of California summer session in Los Angeles. Professor Phelps' appointment was announced recently by M. E. Deutsch, dean of the Los Angeles summer session. Dean Deutsch also announced that the summer session classes will meet in the Los Angeles Normal school, and that Miss Mildred Valera, recorder of the last summer session in the south, is now furnishing information regarding summer session and regular university courses in room 417 of the Union League building, Los Angeles. The session will be held from June 30 to August 9.

UNIVERSITY OFFERS LOAN OF PLANS FOR FARM BUILDING

Plans for farm buildings of various kinds are available for farmers of the state through the Agricultural Extension Division of the University of California, according to a recent announcement made by Dean Thomas Forsyth Hunt. The division is ready to lend from its office at Berkeley plans for farm houses, barns, silos, septic tanks, and hog and poultry houses. So many of the plans sent out during the past year and a half have been borrowed by neighbors from the farmers who first made use of them that it has been necessary to have extra sets printed.

MOTHERS TO BE INSTRUCTED IN TRAINING OF CHILDREN

Mothers of children who have not yet gone to school or who are in the first school grades will be instructed in their proper training and development through a correspondence course announced by the California Children's Year Committee. The course is now open for enrollment at the office of the University of California Extension Division, 301 California Hall, under the auspices of which it will be given. Moral education, mental training, games and play, and reading will be dealt with.

LOCAL NEWS

Mr. F. Hatton spent the week-end with his children in Whittier, returning Monday to Upland.

Mr. and Mrs. Ed Creighton of Sanger, near Fresno, arrived here for the funeral of Jesse Busby. Mrs. Busby and her little sons returned with them to Sanger for a visit.

Mr. B. F. Campbell of the Sierra power house made a business trip to Azusa the first of this week. He was accompanied by his little son and daughter, Jack and Rosalie.

Henry Klindt spent Tuesday in Los Angeles.

See who are the leaders in the Boy Scout-Y. M. C. A. movement in Upland and you will be especially glad to share in the campaign for funds. Headquarters at Red Cross Shop this week, Friday and Saturday.

Mr. and Mrs. David Widmark who left a couple of months ago to spend the winter at their old home in Enterprise, Kansas, have returned to sunny California, and are living again at the Kerchoff homestead in San Antonio canyon. A Kansas winter had no attractions for them, and they are glad to be here again.

Benson's Cash Store is offering some very good salmon, the 30c kind for 20c.

Mr. and Mrs. William Mendenhall are entertaining Mr. and Mrs. B. F. Campbell and family on Friday at dinner, at their home on San Antonio Heights.

Get our prices on tankage, fish meal, blood, bat guano and mixed fertilizers, goat and sheep manure before you buy. General Fertilizer Association, Ontario.

Mr. and Miss Rafmuffen, arrived from Iowa on Wednesday and, expect to stay in Upland for the next few weeks.

Mr. John Eyer, who has been ill for some time, had the pleasure of a visit from her two sons, Samuel who lives in Tulare, and William who lately received his discharge from Camp Lewis, and returned with his brother to Tulare.

The morning choir of the Methodist and Presbyterian churches meets tonight (Thursday) for an important practice, at the Presbyterian church. Tell your neighbor.

All of our fertilizers are made in our own factory in Ontario and contain all organic matter. If you prefer a fertilizer from minerals we can mix it for you, or any analysis you may wish. General Fertilizer Association, Ontario.

Dr. and Mrs. Deon Crew, who have been on their honeymoon at San Diego, spent two days here with their parents, Mr. and Mrs. D. D. Crew. Dr. and Mrs. Crew left today for Monrovia where they will occupy their new home made ready for their coming by relatives. Dr. Crew will practice medicine in Monrovia.

Mrs. Workman of Rialto is visiting her daughter, Mrs. W. F. Kitchel, this week.

Mr. and Mrs. Earl Swan motored to Pasadena on Tuesday to see Miss Ruth Swan, who is still in the hospital in that city, convalescing from an operation for appendicitis.

Have you tried any of the fine prunes at Benson's Cash Store. They are 10c by the box.

Mrs. Roscoe Dinger, who has been ill for some weeks with influenza, is recovering and gaining her health rapidly.

Marian Short who has been very ill with pneumonia for the past three weeks is very much improved at this writing.

Mr. and Mrs. John Jacobs and family, Mrs. Bailey, Mr. and Mrs. Charles Bell, Miss Vevie Bell and Mrs. M. T. Bell motored to Corona last Sunday and spent the day with friends in celebration of a birthday anniversary of their host.

The Priscilla Circle members are holding an all-day sewing meeting at the club center, the afternoon being devoted to the usual monthly business.

Have you tried the canned hominy in pound cans at Benson's; it's 4 one-pound cans for two-bits. 39c

Miss Esther Baer, who has quite recovered from an attack of flu, left last Monday for Los Angeles, to continue her course at the Normal.

Rudolph Baer has sold this week to T. C. Ketcheson his citrus grove on Seventeenth and Mountain for a reported consideration of \$15,000.

Y. M. C. A. and Boy Scout drive for the boys of Upland, Friday and Saturday of this week. Will you do your share?

The Guild women of St. Mark's held an enthusiastic meeting last Monday at the home of Mrs. W. W. Phipps and formulated several plans to increase their treasury. A food sale every Saturday during Lent was decided on, the first one to be on March 8. Orders will be taken from now for aprons, kitchen or family, and for comforts, which the Guild will make on request; also for marmalade. Mrs. Hanson, phone 311-W, or Mrs. Webster, 224, will be glad to take orders for anything of the above named articles.

For quick delivery on L. A. stable, chicken manure, ground goat, Camp Kearny, Imperial cattle and ground cottonseed fed steer, see Horace Little, Second avenue, Upland. Phone 629-J, or 161-W. Don't forget we handle commercial fertilizer. Our Banner and Reliable brands are all organic.

Friends were delighted to see Mr. and Mrs. Joseph Raeburn last week, when they came from San Pedro to Upland on a business trip and hope they may be persuaded to make this place their home in the near future.

Mrs. Herman J. Powell has been suffering from a severe cold, but is decidedly better this week. There're some fine apples at Benson's, the big red juicy sort. Buy them by the box or pound. 39c

Mrs. Thomas Campbell, who has been the guest of her daughter, Mrs. J. M. Webster for a few days, returned to her home in Los Angeles the first of this week. A sale has been made this week by which the six-acre lemon grove of Fred Fallis of Ontario on Mountain avenue between 15th and 16th streets becomes the property of E. L. Matthews, for a reported consideration of \$7000.

Mr. and Mrs. George Cable, who have been victims of influenza, are recovering quickly, and able to be among their friends again. Mr. and Mrs. B. L. Chapman of Los Angeles were visitors at the Lambrigger home on Thursday.

Cheap Fertilizer—Ground goat and sheep manure, sold on a unit basis. Every car analyzed and guaranteed and sold for just what plant food it contains. Gen'l Fertilizer Association, Ontario.

Little Louise Maxwell was removed from San Antonio hospital last week to the home of Miss Judith Hartman on Second avenue, where she will remain until well enough to join her parents in Modesto.

Mr. and Mrs. F. W. Perham arrived Saturday from Rochester, N. Y., and are guests of Mr. and Mrs. H. S. Wilson.

All who ever lived in Wisconsin are invited to an all-day picnic reunion in Sycamore Grove, Wednesday, Feb. 12, 1919. Dr. Charles C. Selecman will tell of what he has seen in the trenches and on the battle fronts.

There're some extra fine cluster raisins at Benson's; you can get two pounds for a quarter. 39c

Mrs. George Irvin received a letter from Corp. Earl Dority, now in France, that he had been discharged from the hospital and was again with his company. Corp. Dority sent best regards to his friends here and stated he would soon arrive in the United States.

F. O. Rugg of Kansas City is a guest here of his son, W. F. Rugg, and will spend several weeks before returning East.

Mrs. Ruth Hess received a letter this week from her husband Earl Hess, stating that he had been sent to the Switzerland border and would probably not be home for a year.

Many friends of Mrs. G. W. Hursey will be surprised to learn of her marriage to D. F. MacFarlane, recently from Alaska, the marriage having taken place on Nov. 9th at Santa Ana. Mr. and Mrs. MacFarlane are making their home in Los Angeles, Mrs. MacFarlane having sold her residence on West Tenth street to Glenn Wright.

Our boys have helped in every patriotic work of the war. Will you give your share to help them in the combined Y. M. C. A. and Boy Scout work? Drop in at the Red Cross rooms Friday or Saturday.

George Krebbiel, who has been suffering from an attack of tonsillitis, is very much better.

W. F. Dettweiler, the harness man, has this week moved his harness shop to the Zenz building and in the room adjoining Judge Crane's office. The repairing of automobile tops and curtains will now be one of Mr. Dettweiler's specialties, as machines can be placed on the floor of his shop.

There is but one case of influenza in the city of Upland today and health authorities are greatly encouraged over conditions in general but advise care until all possible danger is past.

Mrs. Ira P. Russell is entertaining Mrs. Nell Middleton and Mrs. Dora Moore, part of this week. These guests are friends of Mrs. Russell, from the East, spending the winter in Southern California.

Miss Thomas and her mother, Mrs. F. C. Thomas, entertained Mrs. Milo DuPee, Mrs. Earl Conk, both of Pomona, Mrs. Chas. B. Foster and daughter, Louise, Miss Margaret Mathers, who has been teaching school near March Field, and Mrs. P. F. Schowalter and son, Donovan, Wednesday afternoon.

Benson's customers say that the Velvet Flour is a winner. 39c

Lient and Mrs. E. H. Fuller are residing with E. P. Fuller until their home on Euclid is ready for them.

There will be regular Sunday services at the Mennonite church on Sunday.

The postponed annual meeting of the Upland Chapter, American Red Cross, will be held at the grammar school auditorium on next Thursday evening.

Those who purchased tickets for the Lyceum course, which was called off, can obtain their money by applying for same at the Book Store.

Sergt. Wesley Plum is home on a twenty-day leave from Camp Gordon. He leaves here on the 17th for camp where he is a truck dispatcher.

You have not failed to share in each patriotic enterprise. Be patriotic at home this week. Y. M. C. A.-Boy Scout drive, Friday and Saturday.

Sergt. Thomas Howerton, who was recently mustered out at Wichita Falls, Texas, will join the store force at Johnson & Brown's, commencing Monday.

Harold Eyer recently sent home a German officer's helmet which can be seen in the show window of the J. J. Atwood company's store.

Norman Allen has been mustered out from Camp Kearny and is now at home. Just a little of that Certified brand coffee left at Benson's. 39c

Mrs. F. C. Thomas, Miss Irma Thomas, Mrs. Chas. Foster and little daughter, Louelle, visited with Mrs. Harry Ford, of Norod, Monday afternoon.

A deal for the sale of a ten-acre grove on 17th and San Antonio avenue was closed last Friday. The place was purchased by Mr. J. G. Anderson and Mr. Gus Anderson, who have recently arrived from the East. The former owner of the grove was Mr. A. H. Schwan. Mr. Anderson has recently bought the Walline place on Euclid avenue and since he is now owner of the Schwan ranch, we may feel sure that Upland will have him in the community for some time.

Dr. and Mrs. E. S. Ruth and children, Virginia Anne and Edward, Jr., have made Los Angeles their home. Dr. Ruth has accepted a position in a children's hospital in that city. He was formerly government doctor at Manila. Mrs. Ruth and children left for their new home Monday. Mr. Ruth having been in Los Angeles for some time.

Miss Leah Schwan and her father, Mr. A. H. Schwan, both of Los Angeles, motored to Upland Thursday from that city. Mr. Schwan came on business, that of closing the deal for the sale of his orange and lemon grove to Mr. Anderson. He returned to Los Angeles Friday night. Miss Schwan remained as a guest of her cousin, Miss Thomas; also visiting her aunt, Mrs. A. M. Eymann, and her friend, Miss Ruth. She returned to her home Monday morning.

Word that Base Hospital Unit No. 35, of which Lieut. R. F. Ruth is a member, and which left Los Angeles for France last May, turned over its equipment to Evacuation Hospital No. 30, January 15, and is awaiting immediate transportation home, was received by Mr. Daniel Ruth Sunday. The hospital unit went overseas last July and was assigned to the big hospital center at Mars-sur-Allier near Nevers. No definite information has been received as to whether or not the nurses will return at the same time. This unit, together with several others, is sailing on the Princess Matoika which is expected to land about February 11.

Mrs. Nell Middleton and Mrs. Dora Moore, from Barbortown, Ohio, are the house guests of Mrs. C. C. Eymann. They are wintering in Southern California; with Los Angeles as their home, they are visiting various places of interest, expecting to stay in Upland for some time.

Cucamonga District

Items of Interest as Gathered by a News Special Correspondent in Cucamonga, Alta Loma and Cucamonga South Side

Mrs. Jas. Peterson is on the sick list this week at her home on west Eighth street.

Henry Albert was a visitor in the City of Angels Tuesday. Mrs. Elizabeth Chafe and son Paul returned Tuesday after a ten days' visit with their son and brother, Junior Chafe and family at Escondido. Mr. Rolland McKennett has recovered from his brief attack of the grippe. W. B. Harvey transacted business

in Los Angeles on Tuesday, driving home with a classy new Oakland Six "Rexodan," purchased thru the Upland Oakland agency. Mrs. Harvey and Miss Opal are delighted with the beautiful enclosed car, which is comfort itself.

Miss Mildred Roth, young daughter of Mr. and Mrs. Franklin Roth of Alta Loma and Ontario, has been quite ill for the past week and confined to her home in Ontario.

H. H. Petty, manager of the Cucamonga Exchange house, ran into Los Angeles on business Wednesday.

W. G. Brumund is setting out a portion of his sixty-acre piece corner Hellman avenue and the Highway, to peaches.

W. R. Anderson is setting out his entire twenty acre tract, adjoining the Brumund property, also to peaches.

Webster and Clifford Thomas spent last week at the ranch, recuperating from their attack of the flu in Los Angeles.

Wm. Araza is now enjoying a fine new Buick Six touring, having disposed of his Saxon.

Mrs. V. G. Lucas shopped in Ontario and Upland Tuesday.

Master Herbert Markham was on the sick list for several days the

early part of the week.

Friends of Miss Ruth Norman will rejoice to hear that she is improving after her serious illness with influenza pneumonia. She is now in the General Hospital at San Bernardino, where she was taken from Pomona as the Pomona Hospital was already crowded with patients.

Mr. Cushman, of Los Angeles, was out from the city recently looking after his orange grove on Eighth street.

Three aviators from March Field, Riverside, performed wonderful nose dives and tail spins above our city last Thursday morning, presumably for the benefit of Lieut. Karl Powell, son of the Aviation corps, now visiting at the home of his parents, Mr. and Mrs. J. C. Powellson, of Alta Loma.

Lex and Percy Lucas spent Friday to Sunday attending the Annual Christian Endeavor Convention in San Bernardino.

Mr. and Mrs. F. B. Van Fleet received a visit last week from their son-in-law, Herbert Bray, of Santa Ana.

Mrs. Grace Stanley, County Superintendent of Schools, motored over from San Bernardino last Thursday afternoon, to be present at the meet-

ing of the Cucamonga Woman's Club, where she was the speaker of the afternoon.

Mrs. Robert McKennett, accompanied by her brother-in-law, C. M. Meade, motored out Sunday from Los Angeles for the day at the ranch, returning to the city that evening. They report Mr. McKennett's condition somewhat improved.

Mr. and Mrs. R. S. Joslin and their daughter, Miss Gladys, visited friends in Upland and Pomona Monday.

Miss Ruth Morse visited friends in Long Beach last week.

Mrs. Maude Campbell, of Alta Loma is reported as having joined the Oakland motorists, having invested in one of these popular cars thru the Gundy Agency in Upland.

Miss Mary Albert spent several pleasant days last week visiting her friend Miss Muriel Hamilton, in Ontario.

Mr. and Mrs. Wayne E. Morse will be hosts to the Aloha Club tomorrow, Friday evening, this being the first meeting of this popular Five-hundred Club since the opening in October, having been postponed from time to time because of the flu-ban.

Mrs. Herbert Powellson and son Jack, stopped over for several days here while en route from Los Angeles to her home in Needles, visiting her mother Mrs. Alice Phillipi one day and Mr. and Mrs. J. C. Powellson, of Alta Loma, the next.

Mr. and Mrs. F. B. Van Fleet and daughters, Mrs. Roy Slye, and Miss Theresa Van Fleet, enjoyed motoring in to Los Angeles for the day Monday.

The Alta Loma Bridge club were very enjoyably entertained at the home of Mrs. Bert Hawkey on last Tuesday afternoon.

Messrs. Maurice Bonillas, Homer Stipe, Misses Bessie Stipe, Maud Garrard and Clara Taverner made up a jolly little motor party in to Los Angeles Sunday for the day. Miss Bessie, however, returning to the city for her studies at the Normal school.

Mrs. Jane Van Wagenen left last Sunday for a visit with friends in Whittier and Los Angeles, after which she expects to leave for her home in San Francisco. Her daughter, Miss Dorothy, returned to the northern city some time ago after a short visit here, having decided to enter the University hospital in San Francisco for a course of intensive training as a Red Cross nurse.

Miss Myrtle Hatch is entertaining this week her cousin, of Los Angeles, who arrived Tuesday.

Mrs. Sadie Shaftstall journeyed in to Los Angeles, spending the day Monday in the Angel City.

Mr. and Mrs. Gilbert Dize and Mr. and Mrs. W. E. Morse were dinner guests of Mr. and Mrs. H. L. Salisbury on Friday evening of last week.

Mrs. Clara E. McLellan has her daughter, Mrs. Hitt, and children, of Long Beach, visiting her. Mrs. Hitt is but recently recovered from the flu and has now suffered a relapse and is quite ill again.

Mrs. Florence Marshall and three children, of Minneapolis, were expected Wednesday at the home of Mrs. Marshall's parents, Mr. and Mrs. Gilbert Dize, of Hellman avenue. Mrs. Marshall is recently bereaved, having lost her husband, the late E. A. Marshall, formerly of Upland, who passed away a few weeks ago, a victim of influenza pneumonia.

Mrs. Vincent Roth, formerly Miss Cecile Hively, arrived last Thursday from Camp Lewis, American Lake, and is visiting at the home of her parents, Mr. and Mrs. E. R. Hively. Mrs. Roth stopped over at Bakersfield for a visit with friends, when she received a message from Mr. Roth that he was on the way to Camp Kearny to be mustered out. When the troop train passed thru Bakersfield she joined her husband as far as Los Angeles. Mr. Roth is expected home from Camp Kearny possibly this week, after receiving his honorable discharge from the army.

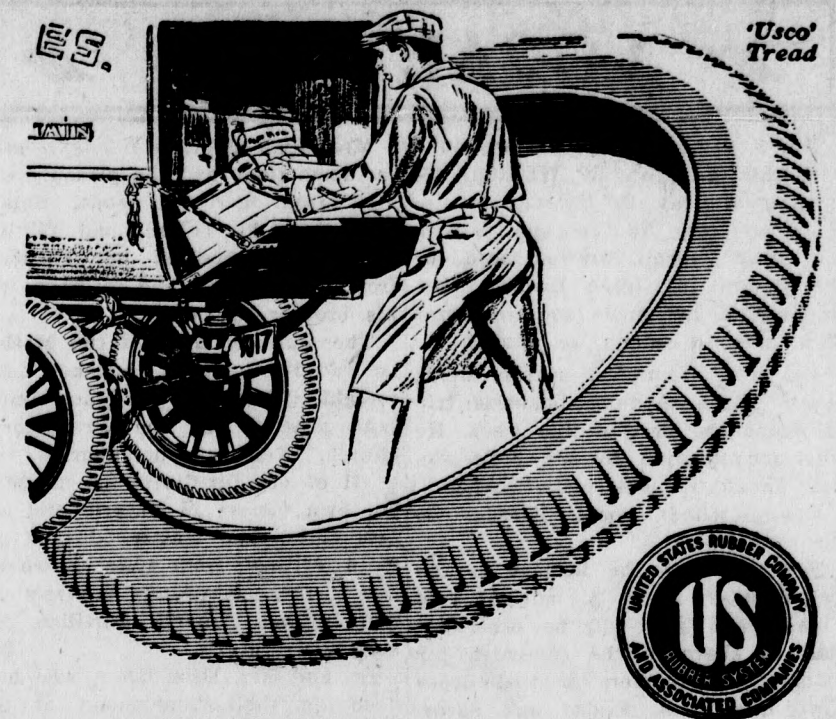

Corporal Henry Albert's latest word to home folks is that he will soon be on the move now and to forward him no more letters, and it is thought that this may mean a right flank movement toward the home-base, Alta Loma.

The sale of ten acres of oranges on Cucamonga avenue, by W. H. Millsbaugh to Mrs. Ella G. Moseley, of Los Angeles, is reported. Consideration not stated. Another real estate transaction is now in course of completion, details of which will be given next week.

Mr. and Mrs. John Avery very delightfully entertained the West End Five Hundred club at their home on Baker avenue last Saturday evening. The high scores of the evening were made by Mr. Avery and Mrs. James P. Peterson. Dainty refreshments were served.

Mrs. Marie Moeller entertained with a delightful little dinner party last Saturday evening in honor of Mrs. Jane Van Wagenen, who has been the house guest for some time of her sister, Mrs. W. A. Lucas, and who was leaving for home the fol-

(Continued on Page 8)

Good Tires Speed Deliveries

No car is better than its tires.

And time lost through tire troubles cannot be replaced.

Good tires are the best practical guarantee of your car's continuous and economical service.

United States Tires are good tires—the best tires our 76 years of experience in the rubber business have taught us to make.

You have your choice of five different types for passenger car or light delivery use—'Nobby', 'Chain', 'Usco', 'Plain', and the famous 'Royal Cord'.

There is also the 'Nobby Cord' for heavy-duty vehicles, as well as the Solid Truck Tire.

Among these good tires you will find exactly the treads best suited to *your* car and *your* driving conditions.

Our nearest Sales and Service Depot dealer will gladly point them out to you.

Fifty Cents Sees It All

A Midway of Rollicking Fun!

UPLAND HAS MET EVERY WAR NEED WITH OPEN HAND

- Each Liberty Loan has been oversubscribed.
- The needs of the Red Cross have been supplied.
- We have helped to feed the starving millions of Armenia.

We Must Not Neglect Our Boys at Home

Since the resignation of Mr. Maxwell the local Y. M. C. A. has left the secretaryship vacant and has made no appeal for funds.

The boys of the community have limited their Y. M. C. A. and Scout activities to selling Liberty Bonds and Thrift Stamps and other patriotic service.

Through school auxiliaries they have contributed largely to the Red Cross.

Their work in gardens and orchards has increased food production and helped save our fruit crops.

The leaders in work with boys have served in patriotic activities at home, and as Y. M. C. A. workers and Soldiers in the Army Camps.

The Return of Peace Calls Us to a Larger Labor for Our Boys

The County Committee of the Y. M. C. A., T. W. Nisbet, Chairman, with the Boy Scout Council members have outlined a program which will touch every boy of this community.

A Secretary will be called who has had experience in Army Camps and in Scout work with boys at home.

He will cooperate with the churches, the public school and the high school, and the civic bodies in their work for the young men of the community.

The activities of our boys will be directed to healthful out-of-door recreation and to useful labor.

The San Bernardino County Y. M. C. A. Committee has as its territory Upland, Ontario, Chino, Etiwanda, Cucamonga and Rialto. The budget for the coming year is \$5000. Of this but \$500 will go to the general State work: Industrial, educational and supervisorial.

Four thousand five hundred dollars will be spent at home—in our communities for our boys. Each community will share in the work of the Secretary in proportion to its contribution to the year's budget.

Our boys have helped in every war-time activity. Can we do less than to help in this program for building up the boy-life of the community?

Will You Do Your Part?

Headquarters at Red Cross Shop, Ninth St.—Campaign Days, Friday and Saturday, February 7 and 8—Campaign Director, Merton E. Hill.

Ford

THE UNIVERSAL CAR

Look out when having your Ford car repaired that the genuine Ford parts or materials are used. There are many "bogus," imitation or counterfeit, so-called Ford parts of sadly inferior quality on the market. Be warned against them. Buy Ford parts and have your Ford car repaired by the authorized dealer, as this is the only way to guard against bogus parts. Bring your car to us for service. Come to us for Ford parts. Ours is an authorized Ford place.

The name Ford expresses the highest standard of reliability and economy.

LOCAL DRIVE OF Y. M. C. A.

(Continued from Page 1)

proportion to the funds raised. The loyal support of our people will give immediate return in the direction of the boys of Upland in healthful out-of-door activities and in useful labor.

During the war the activities of the boys have been confined to the selling of Liberty Bonds and Thrift Stamps, and in other patriotic work. They have not once failed to respond to calls for help. In garden and ranch work they have done a great share.

The coming of peace gives us an opportunity to show our appreciation of their loyalty and service in this practical way. The plan is business-like and practical. The grouping of all the activities makes for efficiency. At their meeting on Tuesday of this week the Upland Chamber of Commerce endorsed the plan, and many expressed their interest in the success of the campaign.

Headquarters at Red Cross Shop
As in every other patriotic campaign of the past year, there will be no house-to-house canvass for funds for the Y. M. C. A. Headquarters at the Red Cross Shop will be open Friday and Saturday of this week from 8 in the morning till 6 in the afternoon. Cash subscriptions and pledges payable at any time during the year may be made.

Upland has made a record that cannot be matched in every patriotic enterprise for the men in the Service and for the needy in far countries. We have this week an opportunity to give liberally in a movement upon which depends the character of our future citizens. We cannot and will not fail to do our share.

Every loyal citizen who has the interests of our young people at heart will want to have some share, even though it must needs be a modest one. Those citizens who have the means and can see the vision of what this work may mean in coming years will give largely, as they have given so often in the past months.

St. Mark's Episcopal Church

Fifth Sunday after Epiphany, February 9th. Services as follows: Holy Communion at 7:30 a. m. Morning service and sermon at 11 o'clock. Subject of discourse, "Regeneration." This will be a service of unusual interest to the parish.

Evening service at 7:30. Subject, "The work of the Church in the New Era upon Which We Are Entering."

CARD OF THANKS

I desire in this way to express my sincere appreciation of the many deeds of kindness shown myself and two boys during the illness and death of Mr. Busby.

MRS. JESSE BUSBY.

FARMERS WARNED AGAINST FALSE CLAIMS MADE FOR EDIBLE GOURDS

Department of Agriculture officials again warn farmers and gardeners not to be fooled by extravagant claims in advertisements of two varieties of edible gourds, long known but little grown in this country, which are treated in the advertisements as "butter beans" of rare quality and high productivity. Vague but glowing and extravagant claims are made for them.

The food value of these gourds is similar to that of summer squash, according to department officials, and they are interesting as curiosities, but have slight practical worth.

The name, Gigantic New Guinea Butter Bean, has been loaded onto the Cucurbita or sweet gourd. It is frequently found in Italian vegetable gardens and is offered in the markets of New Orleans, but is considered of such little value that seedsmen rarely give it notice. It has been reported to the department that this so-called new bean has been offered at extravagant prices, for example, 6 of the gourd seeds for 50 cents, or 16 for \$1.

The Snake or Solomon Island Gourd also has been renamed in certain advertisements as Guada Bean. This gourd can be grown only in warm climates and is adapted to rather limited regions in the southern part of the United States.

UNIVERSITY CORRESPONDENCE COURSE IN ART APPRECIATION

A collection of 300 university prints will be supplied to students enrolled in a University of California Extension correspondence course in art appreciation which is now being given by Dr. F. Melbourne Green. Enrollment is open by mail at the Extension office, 301 California Hall, Berkeley. Correspondence courses in the foreign languages, accounting, stenography, mathematics, and in many other business and scientific courses are also announced as open for enrollment.

FOR RENT—6-room furnished house. See F. B. Harn. 391*

Etiwanda

Mr. and Mrs. W. G. Pearson and Mr. and Mrs. Emmanuel-Smith spent Saturday evening at the home of Mrs. Alice Hippard.

Mrs. Eva Fisher and daughter Joy were dinner guests Sunday in the home of Mr. and Mrs. Jack Scott.

Mr. J. C. Jones mourns the death of his brother, Mr. Henry Jones, who for many years has been a well known resident of Colton. Mr. Henry Jones died Monday afternoon at his Colton home after a very brief illness.

Capt. and Mrs. Thomas Donnelly entertained Mr. and Mrs. John Donnelly of Kingston, Canada, Friday night and Saturday. Mr. Donnelly took his guests to Riverside Saturday and they returned to Los Angeles from there. They had spent almost a week in search of Mr. Donnelly, who is a cousin and whom they had not seen for many years, with the impression that he was a resident of Los Angeles. As he does not have many visitors from his old home town he appreciated this visit.

Mrs. W. F. Falder who, with her family, occupied the Emmanuel Smith cottage last year, came out from Los Angeles Saturday and renewed her acquaintance with Etiwanda friends.

Miss Helen Burbank returned on Monday to her work in Ontario, after having spent several weeks at the ranch northwest of Etiwanda, caring for the various members of the family, nearly all of whom have been sick.

Mrs. McCorkle and family and Dean and Elzo McCluskey of Pasadena drove out Sunday and spent the day at the home of Mr. and Mrs. Emmanuel Smith.

Mr. and Mrs. J. G. Thompson and Mr. and Mrs. A. A. Werber and daughter visited in Upland Sunday at the home of Mr. and Mrs. J. G. Thompson.

CUCAMONGA ITEMS

(Continued from Page 6)

lowing day. The table was prettily decorated with early peach blossoms, the piece de resistance being creamed chicken Southern style, with all the good things that the hostess knows so well how to prepare. Covers were placed for Mr. and Mrs. W. A. Lucas, Mrs. Jane Van Wagenen, the guest of honor, Mr. and Mrs. E. S. Bishop and the hostess.

Red Cross Shop

Materials for the making of 100 refugee garments (petticoats) are now on the way here from San Francisco headquarters and work will commence at once upon arrival. They must be completed this month, is the word of Chairman of Chapter Production Miss Reid, so every worker is urged to come and lend a helping hand in completing these garments in the specified time.

Red Cross Magazine, Drive

An announcement that will be of particular interest to local Red Cross workers has come from Pacific Division headquarters, authorizing the chapters to take Red Cross Magazine memberships during the two weeks' drive, Feb. 1 to 15. Opportunity will now be given Red Cross enthusiasts to register their subscriptions through our local chapter treasurer, Geo. T. Morris, at Morris' drug store. To all chapter members desiring this magazine, there will be only \$1 additional charge for the year's subscription. To any one who has not already paid his dollar as a member of the Red Cross, the magazine subscription will be \$2.00 for the year.

Cucamonga Woman's Club

Mrs. A. C. Beattie was hostess to the Cucamonga Woman's club last Thursday afternoon at her home on Archibald avenue. After a brief business meeting, the afternoon was given over to Mrs. Grace Stanley, county superintendent of school, who was the speaker of the day. The subject was "Americanization in our Schools," and the matter was very ably presented by Mrs. Stanley in her usual interesting and instructive manner. The problem of the Spanish people in our schools was discussed from various angles and Mrs. Stanley, through a series of questions and answers, sought to obtain direct light on the local situation. Eventually it was decided to appoint a committee to investigate along certain given lines and make a report at the next meeting, which would be forwarded to Mrs. Stanley. Mrs. W. A. Lucas, Mrs. J. H. Williams, Mrs. A. C. Beattie and Mrs. E. S. Bishop were appointed to this committee, who were instructed by Mrs. Stanley. A social hour was then enjoyed, when the hostess served tea, dainty wafers and cake. The next meeting will be held on Thursday, February 13, at the home of the president, Mrs. Mary J. Reid, and the subject of the afternoon will be "Old History and Landmarks."

PLUMBING

I desire to announce that our Plumbing Department is now in operation with Geo. F. Lutz in charge. All plumbing will be done in a first-class manner.

SHEET METAL DEPARTMENT

Henry Kienzie, well known throughout this section for his ability in sheet metal work, is in charge of this department of the Weiss Hardware and your wants will be promptly attended to.
